Director of the Board
R. Hobman Securities, Inc.

Report on the Financial Statement

We have audited the accompanying statement of financial condition of R. Hobman Securities, Inc. (the "Company") as of December 31, 2012 that is filed pursuant to Rule 17a-5 under the Securities Exchange Act of 1934, and the related notes to the financial statement.

Management's Responsibility for the Financial Statement

Management is responsible for the preparation and fair presentation of this financial statement in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of the financial statement that is free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on this financial statement based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statement is free of material misstatement. An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statement. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statement, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Company's preparation and fair presentation of the financial statement in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statement.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statement referred to above presents fairly, in all material respects, the financial position of R. Hobman Securities, Inc. as of December 31, 2012 in accordance with accounting principles generally accepted in the United States of America.

Other Matter

Our audit was conducted for the purpose of forming an opinion on the financial statement taken as a whole. The information contained in Schedule I is presented for purposes of additional analysis and is not a required part of the financial statement, but is supplementary information required by Rule 17a-5 under the Securities Exchange Act of 1934. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statement. The information in Schedule I has been subjected to the auditing procedures applied in the audit of the financial statement and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statement or to the financial statement itself, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information in Schedule I is fairly stated in all material respects in relation to the financial statement taken as a whole.

NOTES TO STATEMENT OF FINANCIAL CONDITION

As of December 31, 2012

NOTE 1 – ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Organization

R. Hobman Securities, Inc. (the “Company”) was incorporated in Nevada on January 27, 1995. On October 30, 2008, the Company was registered as a broker/dealer in the state of Arizona. The Company was formed to provide general securities broker/dealer services to investors in securities and other investments. The Company is a registered broker/dealer in securities under the Securities Exchange Act of 1934 and is a licensed member of the Financial Industry Regulatory Authority (“FINRA”).

The Company engages in consulting activities for two broker/dealers. Commissions for these activities are remitted directly to the two broker/dealers, in turn, they remit the agreed-upon percentage to the Company for its consulting services. The Company is exempt from the provisions of Rule 15c3-3 (pursuant to paragraph (k)(2)(ii) of such rule) under the Securities Exchange Act of 1934, as the Company conducts business on a fully disclosed basis with other broker/dealers. Because of such exemptions, the Company is not required to prepare a determination of reserve requirements and possession or control requirements of Rule 15c3-3.

Registration

The Company must register with state departments which govern compliance with securities laws for the states in which it does business. The Company generates a substantial amount of commission income in the state of Arizona. Various regulatory requirements exist in each state with which the Company must comply. Should the Company violate certain state securities laws, it could be prohibited from doing business in that state.

Concentrations of Credit Risk

Cash and cash equivalents

The Company maintains its cash balances at financial institutions that are insured by the Federal Deposit Insurance Corporation (“FDIC”). The Company has not experienced any losses in such accounts and believes it is not exposed to any significant credit risk related to these deposits.

Customers

No allowance for uncollectible amounts has been provided. Management has evaluated the accounts and believes they are fully collectible.

NOTES TO STATEMENT OF FINANCIAL CONDITION

As of December 31, 2012

NOTE 1 – ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, continued

As of December 31, 2012, commissions receivable from one broker/dealer totaled 100% of the total commissions receivable balance. A significant reduction in sales to, or the inability to collect receivables from, one of the Company's two customers could have a material adverse impact on the Company.

Cash and Cash Equivalents

The Company considers highly liquid investments purchased with an original maturity of three months or less to be cash equivalents. Cash equivalents are recorded at cost, which approximate fair value.

Revenue Recognition

Commission revenues from securities transactions are recognized as earned.

Income Taxes

The Company has elected to be taxed as a qualified subchapter S corporation under the Internal Revenue Code and under the tax laws of the State of Arizona, pursuant to which taxes on income of the Company are the responsibility of the shareholder. Under this election, the Company's taxable income or loss flows through to the shareholder's federal and state income tax returns. The State of Arizona imposes a \$50 minimum tax per year only if the Company has income subject to tax at the federal level. As the Company does not have income subject to tax at the federal level in 2012, it is not subject to the minimum tax imposed by the State of Arizona.

The Company recognizes any uncertain income tax positions on income tax returns at the largest amount that is more-likely-than not to be sustained upon audit by the relevant taxing authority. An uncertain income tax position will not be recognized if it has less than a 50% likelihood of being sustained. There are no unrecognized tax benefits as of the date of adoption. There are no unrecognized tax benefits included in the statement of financial condition that would, if recognized, affect the effective tax rate. The Company's policy is to recognize interest and/or penalties related to income tax matters in income tax expense. The Company had \$0 accrued for interest and penalties on its statement of financial condition at December 31, 2012.

The Company is subject to taxation in the U.S. and Arizona. The Company does not foresee material changes to its gross uncertain income tax position liability within the next twelve months. The Company is no longer subject to IRS or state examinations prior to 2008.

NOTES TO STATEMENT OF FINANCIAL CONDITION

As of December 31, 2012

NOTE 1 – ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, continued

Use of Estimates

The preparation of the financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and the disclosure of contingent assets and liabilities at the date of the financial statements and the recorded amounts of revenues and expenses during the reporting period. Significant estimates made by the Company's management include but are not limited to, the collectibility of receivables. Actual results could differ from those estimates.

Subsequent Events

The Company has evaluated and determined that no events have occurred subsequent to the statement of financial condition date and through the date of issuance of these financial statements, which would require inclusion or disclosure in its financial statements.

NOTE 2 – RELATED PARTY TRANSACTIONS

The Company leases its office space from its shareholder on an annual renewable basis (see Note 3). The Company paid \$17,427 in occupancy costs during 2012. In addition, the Company pays for the shareholder's vehicle lease, totaling \$8,611 in 2012 (see Note 3).

NOTE 3 – COMMITMENTS

Operating Leases

The Company pays for a shareholder vehicle lease under a non-cancelable operating lease expiring through February 2013. The Company also pays 33% of a non-cancelable shareholder facility lease for its office space, expiring in June 2013. Approximate annual future minimum rental payments are as follows:

Year Ending
December 31,

2013

\$ 8,000

NOTES TO STATEMENT OF FINANCIAL CONDITION

As of December 31, 2012

NOTE 3 – COMMITMENTS, continued

Indemnities and Guarantees

During the normal course of business, the Company has made certain indemnities and guarantees under which it may be required to make payments in relation to certain transactions. These indemnities include certain agreements with the Company's officer, under which the Company may be required to indemnify such person for liabilities arising out of their employment relationship. The duration of these indemnities and guarantees varies and, in certain cases, is indefinite. The majority of these indemnities and guarantees do not provide for any limitation of the maximum potential future payments the Company could be obligated to make. Historically, the Company has not been obligated to make any payments for these obligations and no liabilities have been recorded for these indemnities and guarantees in the accompanying statement of financial condition.

NOTE 4 – RETIREMENT PLAN

The Company adopted a SEP IRA retirement plan (the "Plan") effective January 1, 1999. The Plan covers all employees who are at least 21 years of age with three years of service. The Company's contribution is based on 15% of eligible salary for each eligible employee. During the year ended December 31, 2012, the Company did not make any contributions to the Plan because the sole employee has reached the age where he is required to take withdrawals.

NOTE 5 – NET CAPITAL REQUIREMENTS

As a registered broker/dealer, the Company is subject to the Securities and Exchange Commission's Uniform Net Capital Rule (Rule 15c3-1), which requires that the Company maintain a minimum net capital, as defined, and may not permit its aggregate indebtedness, as defined, to exceed fifteen times its net capital. At December 31, 2012, under the most restrictive requirement, the Company had net capital of \$24,476 which was \$19,476 in excess of its minimum required net capital of \$5,000. The Company's ratio of aggregate indebtedness to net capital was 0 to 1.

NOTE 6 – RESERVE REQUIREMENTS AND POSSESSION AND CONTROL STATEMENT FOR BROKERS OR DEALERS

The Company is exempt from the provisions of Rule 15c3-3 (pursuant to paragraph k(2)(ii) of such Rule) under the Securities Exchange Act of 1934, as the Company engages in consulting activities, it does not carry customer accounts and it does not hold customer securities or cash. Because of such exemption, the Company is not required to prepare a determination of reserve requirements or possession and control statement for brokers and dealers required by Rule 17a-13 and Section 8 of Federal Reserve Regulation T of the Board of Governors of the Federal Reserve System.

**REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM ON
INTERNAL ACCOUNTING CONTROL REQUIRED BY SEC RULE 17a-5**

Director of the Board
R. Hobman Securities, Inc.

In planning and performing our audit of the statement of financial condition of R. Hobman Securities, Inc. (the "Company") as of December 31, 2012, in accordance with auditing standards generally accepted in the United States of America, we considered the Company's internal control over financial reporting (internal control) as a basis for designing our auditing procedures for the purpose of expressing our opinion on the financial statement, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control. Accordingly, we do not express an opinion on the effectiveness of the Company's internal control.

Also, as required by Rule 17a-5(g)(1) of the Securities and Exchange Commission (SEC), we have made a study of the practices and procedures followed by the Company including consideration of control activities for safeguarding securities. This study included tests of such practices and procedures that we considered relevant to the objectives stated in Rule 17a-5(g) in making the periodic computations of aggregate indebtedness (or aggregate debits) and net capital under Rule 17a-3(a)(11) and for determining compliance with the exemptive provisions of Rule 15c3-3. Because the Company does not carry securities accounts for customers or perform custodial functions relating to customer securities, we did not review the practices and procedures followed by the Company in any of the following:

1. Making quarterly securities examinations, counts, verifications, and comparisons and recordation of differences required by Rule 17a-13.
2. Complying with the requirements for prompt payment for securities under Section 8 of Federal Reserve Regulation T of the Board of Governors of the Federal Reserve System.

The management of the Company is responsible for establishing and maintaining internal control and the practices and procedures referred to in the preceding paragraph. In fulfilling this responsibility, estimates and judgments by management are required to assess the expected benefits and related costs of controls and of the practices and procedures referred to in the preceding paragraph and to assess whether those practices and procedures can be expected to achieve the SEC's previously mentioned objectives. Two of the objectives of internal control and the practices and procedures are to provide management with reasonable but not absolute assurance that assets for which the Company has responsibility are safeguarded against loss from unauthorized use or disposition and that transactions are executed in accordance with management's authorization and recorded properly to permit the preparation of the financial statement in conformity with accounting principles generally accepted in the United States of America. Rule 17a-5(g) lists additional objectives of the practices and procedures listed in the preceding paragraph.

Because of inherent limitations in internal control and the practices and procedures referred to above, error or fraud may occur and not be detected. Also, projection of any evaluation of them to future periods is subject to the risk that they may become inadequate because of changes in conditions or that the effectiveness of their design and operation may deteriorate.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *significant deficiency* is a deficiency, or combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

A *material weakness* is a deficiency, or combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the Company's financial statement will not be prevented, or detected and corrected, on a timely basis.

Our consideration of internal control was for the limited purpose described in the first and second paragraphs and would not necessarily identify all deficiencies in internal control that might be material weaknesses. We did not identify any deficiencies in internal control and control activities for safeguarding securities that we consider to be material weaknesses, as defined previously.

We understand that practices and procedures that accomplish the objectives referred to in the second paragraph of this report are considered by the SEC to be adequate for its purposes in accordance with the Securities Exchange Act of 1934 and related regulations, and that practices and procedures that do not accomplish such objectives in all material respects indicate a material inadequacy for such purposes. Based on this understanding and on our study, we believe that the Company's practices and procedures, as described in the second paragraph of this report, were adequate at December 31, 2012, to meet the SEC's objectives.

This report is intended solely for the information and use of the Director of the Board, management, the SEC, and other regulatory agencies that rely on Rule 17a-5(g) under the Securities Exchange Act of 1934 in their regulation of registered brokers and dealers, and is not intended to be and should not be used by anyone other than these specified parties.
